

IN1110a (SERIES)

InFocus
The New Way to Collaborate

Lighten Up

The perfect mobile projector
for your portable devices.

IN1110a (SERIES)

So small, light and bright, it's the perfect mobile projector

The InFocus IN1110a Series of projectors deliver bright, clear images from your notebook, tablet, smartphone, USB drive, or the projector's internal memory no matter where you are. In fact, weighing in at only 2.7 lbs (1.2 kg) and shining up to 2200 lumens, they're our brightest projectors pound-for-pound.

The combination of high brightness, light weight and compact size is ideal for the travelling professional that faces unpredictable environments every day. Whether you're in a brightly lit room or cramped for time and space, the IN1110a Series is the mobile projector you can count on to perform every time.

Why Choose the IN1110A Series?

- Compact and light weight (only 2.7 lbs / 1.2 kg) for easy travel
- Up to 2200 lumens of brightness to combat any lighting situation
- Wireless connectivity with optional adapter and mobile app compatibility
- PC-less display from USB drive or 2GB of internal memory
- Present Office docs, video, audio, photos and more wirelessly from your mobile device
- Annotate on documents you're presenting and save the changes with mobile app
- Connect via HDMI and USB with ease
- Durable, road-tested design that's built to last

MODELS

IN1110a

XGA 1024 × 768
2100 lumens
2.7 lbs (1.2 kg)

IN1112a

WXGA 1280 × 800
2200 lumens
2.7 lbs (1.2 kg)

Easy Display from Any Device

Built-in apps and optional wireless adapter quickly displays files from your Apple or Android notebook, tablet or smartphone without messy cables.

Display from No Device at All

Project images, audio and video directly from the projector's on-board 2GB of memory. Just load it and go.

IN1110a (SERIES)

Optional Wireless

Connect and present wirelessly with all your favorite devices with the optional wireless network adapter (SP-WIFIUSB-2) and free presentation app. Leave the cables at home!

Present photos, Office documents, PDFs, audio, video, a live camera feed, and more!

Document Annotation

Free wireless presentation app lets you annotate on documents you're presenting with a wide variety of colored pens and shapes and then save the changes.

No Computer Needed

Present photos, PPT presentations, spreadsheets, PDFs, audio, video, and more directly from a USB thumb drive.

Compact and Light

At only 2.7 lbs (1.2 kg), the IN1110a/IN1112a is easy to pack, easy to carry and won't weigh you down.

Connect Fast

Connect your notebook or tablet via HDMI or USB to present full HD quality video (and audio too) in just seconds. VGA and Composite Video ports are also included for when the need arises. You can even connect it to an external audio system with the audio out port.

3D Capable

Display Blu-ray 3D content via HDMI and other PC-based 3D content created in the top emerging 3D standards.

Connectivity

VGA (D-Sub HD15)

USB-A (for thumb drive or wireless adapter)

3.5 mm audio out

USB Mini-B (for display over USB, internal memory

file loading, presentation control and firmware updates)

HDMI

Composite video

3.5 mm audio in

Built for the Road

The projector has a recessed lens and tethered lens cap to keep it safe from impact. Plus, its smooth exterior leaves nothing to snag or break off when taking it in and out of its case.

Padded carrying case is included

Brightness Adds Confidence

Room lighting can be a wildcard for the business traveler. You never know what you'll get. Pound-for-pound these powerful little projectors pump out the most lumens of most any other projector. So you know your content will be brightly displayed regardless of ambient light.

No Projector Screen? No Problem.

Because a projector screen won't always be available, the Presets button on top of the projector lets you choose a mode to get the best image quality on a beige wall, whiteboard, blackboard, or other surface.

Plus, you can point the projector at the wall and its automatic vertical keystone correction will instantly fix the image to be square-cornered and true.

Specifications*

IN1110a

IN1112a

Native Resolution	XGA 1024 × 768	WXGA 1280 × 800
Maximum Input Resolution	WUXGA [^] 1920 × 1200
