

MOBILE AND TRIPOD SCREENS

FLY

This new generation of mobile screens is simple, compact and robust.

- The height is adjustable thanks to a telescopic upright and a tilting device ensures parallax compensation.
- A tensioning device has been specially designed to hold the screen surface taut and wrinkle free.
- The opaque projection surface bears black borders.
- Matt white screen gain: 1.1

2 models are available:
Fly Mono and Fly Duo.

fly DUO Projection on both sides.
