

# SMS FLATSCREEN

## CM ST400/800/1200/1800

People will look up to your screen.

The SMS Flatscreen CM ST can support four middleweight screens suspended from the ceiling. This is an attractive and elegant ceiling mounted bracket that will do your display justice. Like most of our ceiling brackets the screens can be tilted for the best viewing angle. The SMS Flatscreen CM ST can also feature a combination of screens and shelves (optional) mounted on to the bracket to offer multiple possibilities for your display.
